

MCI Project Weekly Time Sheet

Team 17 Student ID Week starting: 18/04/2022

Day	Date	Time In	Time Out	Total hours	Task	How does it fit to project plan?	Outcome/Next action
Monday	18/04/2022	12:00 PM	1:00 PM	1	Update on project progress in the following areas: data assurance, implementation of technical analysis and acquisition plan on fundamental data	Regular update helps team stay active and make progress as planned	Team members understood the implementation of data assurance for delisted stocks and functions to get relative strength and relative rating
		2:00 PM	6:00 PM	4	Adjust coding for implementing relative strength and relative rating based on feedbacks from team members	Progress was made as planned	Functions to implement relative strength and rating were completed
Tuesday	19/04/2022	1:00 PM	1:30 PM	0.5	Small team meeting to update progress and discuss issues	Team members help solve problems and make progress together	Some technical issues were solved
		10:00 AM	4:00 PM	6	Test relative strength functions with major indexes	To ensure functions are capable of running a bigger scale of data to avoid delays from code revisions	Found problems when implementing functions for relative strength with major indexes i.e. Nasdaq
Wednesday	20/04/2022	3:00 PM	4:00 PM	1	Regular weekly meeting to discuss the progress, the status and the plan of each team member's assigned tasks. Plan on meeting client next week	Ensures team members are making progress on assigned tasks and getting assistance if needed.	Team members understood the status of each other's assigned tasks and the targets expected to achieve before meeting with the client
Thursday	21/04/2022	5:00 PM	6:00 PM	1	Client reviews database and implementation of RSI	Client can help validate the progress being made is aligned with the requirements	
Friday	22/04/2022	1:00 PM	5:00 PM	5	Adjust coding according to client's feedbacks	Database application can be implemented as required by the client and potential delays are avoided	
Saturday	23/04/2022	12:00 PM	5:00 PM	5	Update database with sma, volume, rsi, 52w high, 52w low	Having all the mentioned items updated into database will be considered a significant progress for the first set of client's requirements	
Sunday	24/04/2022	12:00 PM	1:00 PM	1	Progress updates, task assignment and peer assistance	Ensures team members are making progress on assigned tasks and getting assistance if needed.
