

## MINUTES FOR 26<sup>th</sup> TEAM MEETING [6/2022]

### 1. MEETING DETAILS

Chairperson: Junlin Wang

Secretary: Junlin Wang

Date: 1 June 2022

Time: 15:00 – 16:30 PM

Location: Zoom

### 2. ATTENDEES.

The following persons were present:

Ratthapark Arnantayakan	(Gavin)	a1829241
Lei Huang	(Mario)	a1820323
Tamarakuro Joseph Aduwari	(Joseph)	a1814359
Junlin Wang	(Grayson)	a1761503

### 3. ABSENCES.

The following persons were absent:

*-None-*

### 4. SUMMARY OF PREVIOUS MEETING

Each team member presented progress in the past week and discussed some for the next client meeting. And team allocated the work for the project test. Lastly, we talked about the front-end options for the screening, including the layout design and how it connects to our database backend.

### 5. GROUP MILESTONE

#### *5.1 Overview*

The product has entered the final optimization and integration stage. Team members showed the latest optimization measures and testing efforts. The task assignment for complete uploading of relative strength was discussed.

#### *5.2 Presentation*

Each team member presented their progress and discussed the options for the frontend design of this project, and latest optimization measures.

### 6. INDIVIDUAL MILESTONE

*Ratthapark Arnantayakan (Gavin) a1829241*

Updated his new progress on the database (relative string), showed excel file to calculate relative strength for testing and demonstrating (presentation).

*Lei Huang (Mario) a1820323*

Presented the progress of the fundamental stock information CSV file generating, then he presented the idea of front-end design, the basic layout and design.

*Tamarakuro Joseph Aduwari (Joseph) a1814359*

Updated new progress on the database (relative string), showed the more efficient way to calculate weighted compound, and gave team members some ideas on how to improve the efficiency of pandas data structure.

*Junlin Wang (Grayson) a1761503*

Presented the progress of the fundamental data testing, and talked about the idea of integration testing, handled fundamental data code errors and improving the efficiency of fetching data.

## **7. PROJECT MANAGEMENT**

- Allocated tasks to team members

## **9. ADJOURNMENT**

- The meeting ended at 16:30pm.
- The next meeting is team meeting and will be held via Zoom at 12:00pm on 5 June 2022.
