### 4. SUMMARY OF PREVIOUS MEETING

Team members provided updates on assigned tasks and discussed how to update database with RSI and how to manage delisted stocks

### 5. GROUP MILESTONE

#### 5.1 Overview

At the time of this meeting, the team had successfully gathered stock prices of stocks in the required composites (NYSE, S&P500, NASDAQ, DOW). The technical indicators such sma and volume averages were successfully calculated, and the Relative Strength was undergoing testing. Data about delisted stocks could reliably be gathered from third party apis. Fundamental data was being researched and related issues were discussed. The goal before the next meeting is to finalise the technical calculations, store them in the database then apply the screening conditions to produce a daily dataset.

#### 5.2 Presentation

Each team member presented assigned tasks, shared roadblocks and shared next tasks they would tackle.
